Prof. Vladimir Korepin of the YITP has been awarded a 2019 SUNY Chancellor's Award for Excellence in Research and Scholarly Activity in recognition of his record of wide-ranging and influential research.

The [Chancellor's Award for Excellence in Scholarship and Creative Activity](#) is a SUNY-wide award intended to recognize consistently outstanding scholarly and creative productivity of its faculty.

Vladimir Korepin has been a Professor at Stony Brook and the C.N. Yang Institute for Theoretical Physics and the Department of Physics and Astronomy since 1989. He has done important work in quantum gravity, solvable models, statistical mechanics and quantum information. Vladimir is a Fellow of the American Physical Society, of the Institute of Physics in the United Kingdom, and of the International Association of Mathematical Sciences.
