

Aspects of Supergravity, January 6 - 10, 2014.

Written by Administrator

Monday, 23 December 2013 11:10

Supergravity is one of the YITP's and Stony Brook's signature contributions to science, and the Institute is collaborating with the Simons Center for Geometry and Physics to organize a conference "Aspects of Supergravity", on the occasion of Distinguished Professor Peter van Nieuwenhuizen's 75th birthday.
